## **ANNEX – UK Government Departments and UK public bodies with access to the Futures Framework**

The Contracting Authority expressly reserves the right (i) not to award any contract as a result of the procurement process commenced by publication of this notice; and (ii) to make whatever changes it may see fit to the content and structure of the procurement; and in no circumstances will the Contracting Authority be liable for any costs incurred by the candidates.

If the Contracting Authority decides to enter into a Framework Agreement with the successful supplier, this does not mean that there is any guarantee of subsequent contracts being awarded.

Any expenditure, work or effort undertaken prior to contract award is accordingly a matter solely for the commercial judgement of Bidders.

Any orders placed under this Framework Agreement will form a separate contract under the scope of this Framework between the supplier and the specific requesting other contracting body. The Contracting Authority and other contracting bodies utilising the Framework reserve the right to use any electronic portal during the life of the agreement.

The value provided in the ITT document is only an estimate. We cannot guarantee to Bidders any business through this framework agreement.
